Weave your own luxurious rug! You will receive all supplies and go away with terrific new skills. All the materials are provided, and the loom is yours to take home. This will be a super fluffy and fuzzy addition to your home. It is made in the ancient viking style on a peg loom. These rugs are great as a bathmat or rustic and safe hearth rug. The raw wool comes directly from local farms.

Ariel has owned sheep since 2007. Her journey into fiber arts began shortly after. Needle felting was her first venture, then finger weaving, crocheting, peg looms, cruelty free sheepskin rugs and most recently dyeing roving and yarn.

You can see more of her products inside Wooly & Wyrd at Church Street Market Shops in Edgewood, NM.
